**Further
Information
and useful
points to
consider**

Our acceptance of this form confirms booking and should be received within 20 days of initial contact, or as agreed.

A normal booking would allow for the band to play for a max of two 1.5 hour slots, with a break.

The band line up may vary due to availability but this will not affect our delivering a high standard of music dance and entertainment as agreed.

Times and durations can be negotiated against these guide lines.

Electrical power - 13amp mains supply required. For outdoors or out-buildings safety and trip devices should be provided. (two/multi socket board an advantage)

The band requires easy access to venue from vehicles and sufficient time and space to set up. Ideally at least 90 minutes and, where possible, before guests arrive. We can however work around you and your guests.

Organisers must ensure sufficient venue lighting for safety and atmosphere. In some halls etc. the organiser will need to obtain details of lighting in advance.

The band will not be liable for any loss, damage or personal injury caused at this event. You may want to check that the venue or indeed your own insurance covers such eventuality.

Refreshments for the band during the performance interval would be appreciated

When describing the event above please let us know if it is private invitation, or open to public. We may be able to help advertise and sell tickets etc. Please let us know of any special requests, birthdays etc. - we might even be able to oblige! Write any extra details on reverse of form,

We can provide background music between band sessions.
Please supply CDs of any specifically desired background music that you would wish to have played.

Please post or fax this form to Mark at 27 Western Road, Hurstpierpoint. West Sussex, BN6 9SU. FAX: 0871 990 2202

Thank you for booking Kate's Kitchen Band, we look forward to meeting up with you and performing at your special event.
